Professional Summary

Aspiring Full-Stack Developer with expertise in building responsive, scalable, and user-centric web applications. Proficient in both front-end and back-end development, with a strong command of JavaScript, React.js, Node.js, and the MERN stack. Dedicated to delivering impactful, high-quality solutions while staying updated with the latest industry trends. Recognized for problem-solving abilities, adaptability, and thriving in collaborative environments.

Personality

- **Creative Problem-Solver:** Known for identifying innovative solutions to technical challenges and delivering results under tight deadlines.
- **Collaborative Team Player:** Thrive in group settings by fostering open communication and contributing to collective goals.
- **Continuous Learner:** Driven by a passion for learning new technologies and applying them to enhance web development practices.
- **Strategic Thinker:** Enjoys playing chess, which strengthens decision-making and strategic planning abilities.
- **Empathetic Mentor:** Love sharing knowledge with peers, guiding others to grow in their technical skills and confidence.

Education

- **B.Tech in Computer Science and Engineering (Data Science)**
  Moradabad Institute of Technology | CGPA: 7.5 | Expected 2026
- **Class XII (ISC)**
  SpringFields College, Moradabad | Percentage: 84.5% | 2021
- **Class X (ICSE)**
  SpringFields College, Moradabad | Percentage: 85% | 2019

Skills

- **Language** C++ | C | JavaScript | SQL
- **Technical Skills** Node.js | React.js | MongoDB |Express.js | Next.js | MySQL | Github | Git
- **Tools and Frameworks:** Bootstrap, TailWindCss, REST APIs
- **Soft Skills:** Communication, Time Management, Critical Thinking, Leadership, Adaptability

Professional Experience

- **Front-End Developer Intern**
  TechHub Technologies   **May 2024 – July 2024**
  - Improved website performance by 30% through optimized HTML, CSS, and JavaScript coding practices.
  - Boosted user engagement by 20% with responsive design improvements using Bootstrap.
  - Delivered cross-device compatibility, achieving a 95% user satisfaction rat.

Projects

- **AgriXKisan**   **November 2024**
  - Developed a farmer-focused web application using React.js to streamline access to agricultural tools and information
  - Improved backend efficiency by 25% through optimized database queries in MongoDB and Node.js.
  - Implemented core functionality and modern UI design using the MERN stack.

Certifications

- COE Certification in HTML, CSS, JavaScript | Spoken Tutorial Certificate in Java | Cisco Certificate in Python | COE Certificate in Machine Learning

Key Achievements

- Secured 2nd position in a Logo Identification Quiz, demonstrating analytical thinking and brand recognition skills.
- Delivered web applications with 99.9% uptime, ensuring seamless user experiences.
- Enhanced team productivity by 15% by streamlining workflows with Git version control.

Hobbies

- **Chess Enthusiast:** Regularly participate in chess tournaments, honing strategic thinking and decision-making skills.
- **Technology Enthusiast:** Passionate about exploring emerging technologies and trends through video tutorials and self-learning.
- **Reading:** Enjoy reading non-fiction books that enhance technical knowledge and personal development.
